Re: Dr. Sue Savage-Rumbaugh adv.
Iowa Primate Learning Sanctuary

Dear Lyle:

I write to you on behalf of Dr. Sue Savage-Rumbaugh ("Dr. Sue") in your capacity as legal counsel to Iowa Primate Learning Sanctuary ("IPLS") or to any successor. I also wish to advise that I have been designated as special litigation counsel by the Board of Bonobo Hope Initiative, Inc. ("BHI") and also am writing to you here in that capacity.

I formally request the following:

1. That you apprise us of whatever steps you have taken to reverse or bypass the administrative dissolution of IPLS by the Iowa Secretary of State, and the status of any such efforts.
2. That you do all in your power to have Dr. Sue immediately reinstated both as a director on the IPLS board, and as Director of Science, positions from which she was removed illegitimately.
3. That you do all in your power to immediately rescind George Caudill's "gag order" of November 4, 2013, and his and your order of November 9, 2013 barring Dr. Sue from access, and that Dr. Sue be granted immediate physical access, to the research center as is necessary to continue to perform and oversee the scientific bonobo research contemplated under the settlement agreement in the federal interpleader action, including as specified

under what is referred to as the "Teco proposal" and, if funded, under the new grant proposal now in process.

4. That you immediately do all in your power to carry out the mandate of IPLS Board resolutions adopted on or about December 14, 2012 (attached), which among other things directed you as Corporate Counsel to

"develop a contract with the IPLS that clearly vests the control and management of the science and bonobo colony with the Bonobo Hope Initiative, Inc. board"

and further resolving that:

"e. The Bonobo Hope Initiative, Inc. board will continue to oversee and to develop the science program of the Great Ape Trust and be solely responsible for the protection of the bonobo colony."

5. That you do all in your power to immediately rescind the illegitimate appointments in or about September 2013 of Dr. Taglialatela as Science Program Manager and Dr. Hopkins as Science Director of Great Ape Trust instead of Dr. Sue; and improperly electing Dr. Hopkins to the BHI board.

As you know, the federal court has retained jurisdiction to oversee compliance with the settlement agreement. I renew my request of February 5 that you consent to a 120-day extension of that jurisdiction, subject of course to the consent of the court.

Please respond by close of business Tuesday.

Dr. Sue and Bonobo Hope reserve all rights.

Thank you for your attention.

Sincerely,

William C. Zifchak
